Towns' Financing

THREE-TOWN FINANCE FORUM

The Marion-Mattapoisett Area League of Women Voters will sponsor an evening of questions and answers on Financing Local Government on Wednesday, November 29th, 7:30 P.M. at St. Gabriel's Church Library at the corner of Front and South Streets in Marion.

Participants will be Kathleen Feeney, Marion Finance Committee; Bruce Rocha, Mattapoisett Assessor; and Michael Zeman, Rochester Finance Committee. There will be informal discussion on property taxes and the effect of classification, the impact of increased housing and industrial development on town services, and in what ways neighboring towns can work together in the future.

The program is being planned by League members currently working on a study on financing government for the Massachusetts League of Women Voters.

Everyone is invited and refreshments will be served.

Rochester 300

The Rochester 300 Committee, organized to coordinate the celebration of Rochester's Founding in 1679, met with representatives of many organizations to finalize the calendar before it is sent to the printer. Events scheduled throughout the year are varied and innovative. The committee welcomes additions to the schedule, but late additions will not be on the printed calendar which will be available shortly.

For the dancers there will be a great deal to do. A Ball on New Year's Eve starts it all off, followed in April by a costume ball and in May by the Firemen's Ball. There will be

at least two block dances; one for the adult taste in music, and one for the teen taste. And, of course, dancing on the wharf in Mattapoisett is every Saturday night all summer for the square dancer.

There are three fairs in August and September, including the traditional Grange Fair; two of them will include Flea Markets.

For the young at heart there will be a bicycle field day in April and a kite festival with prizes for homemade kites.

The traditional Memorial Day Boat Race will feature some surprises, the annual Fourth of July Parade in Marion will lead a whole day and evening full of events.

The big Birthday Month of July will be headed by a huge Firemen's muster, which will begin with a motorcade. And on July 22 will come the event of the year, the big birthday parade. Hundreds of units have been or will be invited to march, as well as all of our politicians, local, state and federal.

In the winter, get out in the snow and sculpt a masterpiece, and see if you can win the big first prize, and all year, take pictures of the town and the events. There's a prize for the best one.

Perhaps the most ambitious project for the year is an original musical comedy, telling the birth and growth of Rochester in dialogue, song and dance. Written and directed by Nancylee Gaucher, the play will be acted by local talent and staged every Sunday evening in July.

This is by no means a complete list of events. We suggest that you watch for the calendar, which will feature a map showing just where each event will take place, and the parade route. And watch too for posters announcing each event and the details thereof.

Worship Service

COME, YE THANKFUL PEOPLE!

The Mattapoisett Community is cordially invited to an Ecumenical Thanksgiving Service of praise and gratitude this Wednesday evening, November 22nd, at 7:30 P.M. to be held at St. Anthony's R.C. Church, Barstow and Hammond Streets. The family service will be conducted by the clergy of the participating churches, the East Mattapoisett Friends Meeting, the Mattapoisett Congregational Church and St. Anthony's Roman Catholic Church. The choral music will be sung by a combined choir under the direction of Mrs. Philip Murray. There will be a coffee hour directly following the moments of worship. Join your neighbors in this community fellowship of thanksgiving.

Rochester P.A.T.O.

The Parents and Teachers Organization of Rochester Memorial School recently sponsored two very successful events -- a Fall Fair on October 21 and a pot luck supper and dance at the Rochester Woman's Club on November 11. A note of grateful appreciation to the parents and teachers for their participation and support was sent home with the school children, reporting income of $876.80 from the Fall Fair.

With the 1978 Walk-A-Thon money, the P.A.T.O. purchased a balance beam, parallel bars, slide, and mini gym set for the school playground, which was installed by P.A.T.O. volunteers. In addition to this playground equipment, 1978 Walk-A-Thon money will be used for a Christmas play at Bridgewater State College for grades 1 to 6, a Great Books Program, and school assemblies. Haven can Wait

- Editorial, D.C.J.

CD has come a long way baby - from the sublime to the ridiculous. The latest plan to evacuate 200,000 people including the population of Mattapoisett to haven on Cape Cod in case of nuclear attack must have taken all of 30 seconds of deep thought. On the assumption that New Bedford would be a prime target, all these people are supposed to jump into cars and tear into Buzzards Bay. Anyone who has attempted to negotiate the bridges during summer weekends has the situation well in mind. The traffic jam would take two weeks to unsnarl unless, of course, the Russians consider that Otis Air Force Base is also a prime target, or perhaps the Sandwich power plant,

or perhaps the canal bridges would be worth taking out.

Fifteen minutes is the warning time. If you happen to be sitting in Mattapoisett in your car with family and immediately start for Cape Cod, just as the Russians launch, that should put your car in the lead in the center of the Bourne Bridge just as the missiles impact. That should put you in Provincetown instantly. Since Rochester and Marion are considered "safe areas" frankly I'd just as soon visit friends.

We are going through this asinine exercise because the Russians are doing it. With one difference; that is a closed Communist society. If the Russians decide to attack, they can take 2 weeks to evacuate their population and then strike the U.S. in 15 minutes. Nuclear war is an offensive war. No matter how you slice it, the SALT talks are a deadly danger to the United States only because the Russians, up to now, have not struck first while the U. S. has the capability to strike back in terrible force. It will take a lot of persuasion to convince me that, after Jimmy Carter has grinned and signed SALT, that the U.S. population is going to be safe in Provincetown or anywhere else.

A couple of questions come to mind.

Why suddenly after all these years do we need a nuclear evacuation plan? Is it because it is the opening of a con game to convince the chumps that we will be safe after Jimmy surrenders our nuclear superiority?

Marion Seniors

NUTRITION PROGRAM

Marion Senior Citizens who eat regularly at Sippican School have only praise for the well prepared meals and for the friendliness of all who work in the cafeteria. However, two problems arise. No school can provide lunches during the summer, and Seniors with special diet concerns cannot thrive on meals suitable for youngsters. Also, the need for meals-on-wheels appropriate for invalids increases.

Marion Seniors who are aware of nutrition programs in neighboring towns know that the menus are suitable and available the year round.

The Marion Board of Selectmen and the Council on Aging are sponsoring the following program to start on Thursday, December 7: on Monday, Wednesday and Friday the lunches will continue to be served as usual at Sippican School. The time for these is 1:00 P.M.; no reservation is necessary and there is a small donation.

Brand	Filter life (hours)* Average	Minimum	Maximum	Filtering efficiency (%) Average	Minimum	Maximum	Single Pass efficiency (%)†	Anti-drainback effectiveness‡

* Filter life test conditions:
Flow rate—3 gallons per minute
Temperature—180° F
Contaminant—AC fine dust
Contaminant add rate—1.5 grams per hour
Test temination point—When restriction across the filter reaches 8 psi

** Due to excessive internal leakage and bypasses at the end cap seals and the relief valve, meaningful life results cannot be obtained. These filters do very little filtering, as evidenced by the low efficiency levels.

† Single pass partical retention:
Contaminant—0.3 grams 10-70 micron glass bead
Flow rate—3 gallons per minute

‡ Based on a pass/fail standard of 3 milliliters per hour. The anti-drainback valve is intended to prevent oil from draining out of the filter and back to the crankcase when the engine is off. In some brands, the oil can leak back—so when the engine starts it runs "with the red light on" (indicating less-than-normal lubrication during the time it takes the pump to refill the filter.)

Nutrition Program of New Bedford will provide lunches which will be identical to those delivered to Mattapoisett and Rochester. These will be served at the Parish House of St. Gabriel's Church on South Street. The donation will be the same, but other arrangements differ.

The Tuesday and Thursday lunches will be served at 12:00 Noon. Two requirements are: 1) That the individual must be at least aged 60 or accompanied by a spouse of that age; 2) That a reservation be made on the previous day. The Council on Aging Office (748-2500) will open early on Monday and Wednesday so that reservations can be phoned between 8:30 and 10:00 A.M. A person making a reservation should give name, address and phone number, and should also state whether he needs transportation in the Senior Van. Possibly the New Bedford and Wareham van trips will be changed from morning to afternoon.

To be eligible for meals-on-wheels, the individual who is ill or handicapped must be approved by the Marion Visiting Nurse three days in advance except in an emergency.

This new program was made possible through the generous offer of a site by St. Gabriel's Episcopal Church.

If you have questions, please phone Alice Phinney at the Council on Aging Office, 748-2500.

REGIONAL EDUCATIONAL ARTS PROJECT

REAP is the apt nickname of the Regional Educational Arts Project that has been in operation in the Old Rochester area for the past six months. The Marion Art Center has benefited from this federally sponsored program in several very visible ways. Large portions of the interior of the building have been painted and restored. Windows have been repaired and replaced. Costumes have been sorted and stored efficiently. Office hours have increased 100 per cent. And as winter approaches, insulation is being installed. All of these improvements were done by three young people as part of this program.

Michele Robb is the pleasant young woman one meets in the gallery. In addition to her main function as receptionist and secretary, Michele is actively involved in grant research. She plans the monthly newsletter and is a great help with publicity and posters. She keeps the calendar up to date and is in charge of recording membership data for the Center. A long-time resident of Marion, Michele is a graduate of the University of North Carolina with a major in Art History. She has always been interest-

Proper Diet & Exercise

is for everyone, Not only for those who are overweight

As an exercise technician I would like to tell you *Five Facts* about diet and exercise that may enlighten and amaze you

1. A well balanced diet is essential for normal growth and good health. A person who is aware of what a well balanced diet consists of can maintain her proper weight level.
2. A person who is young and shapely is not necessarily physically fit. Such a person often lacks muscle tone and stamina.
3. Exercise is as beneficial to the elderly as it is to the young - and those in between.
4. Lack of muscle tone makes you appear heavier. If a girdle can make you look five pounds thinner, firming your body can make you look ten pounds thinner and take a size smaller - without the girdle!
5. Muscle tone in the body can be rejuvenated at any age. You are never too old - and you're as young as you feel!! So come join your friends at Gloria Stevens and see what exercise can do for you. What have you got to lose - but pounds and inches!!

ed in the arts, and her work at the Marion Art Center is a much appreciated introduction to her field. She enjoys working in the gallery, especially hanging the monthly exhibitions.

Jeffery Homen and Barbara Whitney have been working together since last June on a massive demolition and reconstruction project in the upstairs apartment-turned studio-turned dressing room, etc. area.

Barbara attended Beloit College in Wisconsin where she majored in studio art. Since July she has been a painter of walls, sculpture stands, tables, etc. at the Center. She has worked as house manager for theatrical productions over the summer and has helped hang shows in the gallery and created displays in the General Store window. Barbara is currently repairing costumes and replacing cushions in the theatre. "I've learned a lot; it's been good," said this very pretty jack-of-all-trades lady. Her home is in Marion and Ms. Whitney plans to take some courses at S.M.U. this year to finish her degree.

Jeff Homen likes to work "with his hands and his mind". A talented photographer, Jeff has also experimented in pottery, woodworking and glass cutting. Recently, Jeff moved to Marion from Mattapoisett and has always lived in the southeastern Massachusetts area. A talented carpenter and builder, Mr. Homen understates, "This place needs a lot of work!" Maintenance is the key to the life of old buildings, he believes, and he has been renewing and refurbishing with diligence and a sense of perfection. He likes to do things right. Although Jeff has served as lighting technician in the theatre, his main contribution has been the restoration of the space upstairs. A general cleaning and sorting of costumes and props plus a consolidation of storage areas has resulted in a more efficient theatre department. Currently Jeff is installing insulation with Barbara's help. "It's going to be warmer in here this year. I'll make sure of that."

The Marion Art Center is going to be a better place for everybody this year. To help make sure of that, the REAP has been refunded for another six months.

Comprised entirely of award-winning slides selected from over 1600 entries, the Show will utilize dissolve technique projection and will also be narrated by the Fernandez. The pictures represent 40 states and 8 foreign countries, ranging in subjects from tiny insects to spectacular displays of chain lightning and from beautiful rare flowers to unique glimpses of the larger wild animals.

Jo and Gil, well-known in eastern Mass. for their work with ospreys, will present the show in the spirit of the Audubon Society's desire to encourage photographers to take an interest in their natural surroundings as a step toward understanding and appreciating the beauty and complexity of the natural world. It will be a fascinating and exciting experience for all.

THERAPEUTIC TUTORING PROGRAM

A Mattapoisett woman is participating in an unusual tutoring program which helps children with serious emotional problems and learning difficulties.

Cory Suchman, a student at Wheelock College in Boston, is one of a small group of undergraduates involved in the College's Therapeutic Tutoring Program (TTP).

The program, the only one of its kind in the country, deals with academic tutoring and problems relating to the emotional and personal needs of children.

In addition to her regular course work, Cory attends special weekly class sessions

to learn, share and enhance her knowledge of how to work with her assigned child.

She and the other TTP students -- who frequently work in pairs -- meet regularly with their tutee in the child's home in order to learn more about family interactions and their impact on the child.

As part of her responsibilities, the local student takes her child -- and sometimes the whole family -- on field trips to such places as museums and on explorations around their own neighborhoods.

Tutoring also involves consultations with the family's social worker, psychologist and teachers, as well as experts in the field. Students are invited to attend social service staff meetings.

The number of tables in tournament bridge play determines the number of winners; the more tables the more winners; accordingly in Section B with 2 winners in each direction an unusual result prevailed; there was a tie for first and second places in the North-South direction where Doris Vargas and Audrey Hathaway tied Lizette Sylvia and Helen Goldberg.

The same held true in the East-West direction where Jean Cadden and Marjorie Root tied Susan Bates and Carol Schwarzmann.

Thursday afternoon in the North-South direction Jules Luchini and Albert Stone were first; Harriet Philips and Betty Horowitz, second; Rae Blumberg and Helen Linehan, third; Janice Morris and Estelle Biehl, fourth; Mrs. Pallatroni and Mrs. Liberty, fifth.

In the East-West direction Mae Lipp and Mary Saltzman were first; Isabel Titus and Eleanor Linberg, second; Mr. and Mrs. Goldberg, third; Claire McCurdy and Mae Vermette, fourth; Mr. and Mrs. Frank T. Martocci, fifth.

The annual membership tournament of the American Contract Bridge League will be held at the Southworth Library on Thursday, November 30, starting time 12 noon. This is a Blue Ribbon Tournament with sectional rating for Master Point purposes which will be approximately four times greater than in the regular weekly tournaments. The tournament is limited to those bridge players who have paid their annual 1979 ACBL membership dues; however, anyone, to include new prospective members, may pay the required dues prior to tournament time and be eligible to participate.

EXHIBITS AT SMU

Two very different exhibits share the Southeastern Massachusetts University Gallery this month.

In the lower section of the gallery, heaps of sea shells and walls bedecked with marsh grass and rushes beckon the visitor to a far corner of the world for "Voices of the Mwai: The Art of New Guinea". The Oceanic art exhibit includes wood carvings and ceremonial objects from Melanesia, an area north of Australia and southeast of Indonesia which contains the island of New Guinea and an adjoining archipelago of smaller islands.

Researched and organized by SMU students in a seminar on primitive art, materials for "Voices of the Mwai" were gathered from the collections of Russell Sage College in Troy, New York, and the Peabody Museum of Harvard University. There are expressive ceremonial masks, two-foot-long wooden hooks -- carved to represent the clan's ancestors -- used for hanging food in the home to protect it from rodents, canoe figureheads, pipes, and a large wooden female figure intended to be hung over a young man's doorway to symbolize his transition to manhood. Much of the sculpture expresses religious concepts, and the human face is a favored motif.

"Voices of the Mwai" will remain on display through November 29.

CHRISTMAS LIGHTS AT LA SALETTE SHRINE

The 1978 Christmas illuminations at La Salette Shrine on Route 118 in Attleboro will mark the twenty-fifth anniversary of the illuminations and of the Shrine itself. The Shrine was begun in the summer of 1953, but did not officially open until the following December with the first Christmas illuminations.

Twenty-five years ago the decorated trees were a few feet tall. Those same trees are still decorated but now they tower 30 feet. One might say that the illuminations have grown over the years with the trees! Certainly the fame of the Christmas illumination has spread. According to Father Joseph Paquette, the Shrine Director, buses from Canada and from all over the eastern States have already announced themselves. The Christmas illuminations at the Shrine in Attleboro is most probably the largest religious Christmas display of its kind in the east.

This year's illuminations will open at 4:00 P.M. on Sunday, November 26th with a solemn procession of the Infant Jesus and the blessing of the manger. The illuminations will continue nightly though January 1st from 5:00 to 9:00 P.M. on weekdays and from 5:00 to 10:00 P.M. on weekends. The theme of the 1978 illuminations is borrowed from Psalm 19: "The heavens declare the glory of God..." The purpose of the thousands of colored lights reflecting against the dark sky is precisely to "declare God's glory" and the Christmas faith to the world.

The illuminations at La Salette are seen by the La Salette Fathers and Brothers of the Shrine as a public faith manifestation helping all who visit to remember the true meaning of Christmas.

The traditional manger scene will be set in a New England type barn surrounded by a stylized New England village. A second manger scene especially designed for children will be set up by the Rosary Pond. This "children's manger" scene will include toy soldiers, candy canes, life saver trees and drummer boys. The priests, brothers, employees and volunteers have spent six weeks preparing the illuminations. There are no admission fees or parking fees for the illuminations.

Christmas Fair

The Berkley Lioness Club will hold their Christmas Country Fair on Saturday, December 2, from 10 A.M. to 4 P.M. at the old Town Hall in Berkley. Handmade crafts, baked goods, homemade jams, jellies, root beer and fancy lace by the yard are just a few of the items we will be selling.

We will have games for the children as well as a hidden table from which children 12 and under may make their "special" purchases for Mom and Dad.

The Berkley Lions Club will be selling giant size Christmas coloring books.

Coffee and doughnuts will be on sale throughout the day. Hot dogs will be sold from 11:30 to 1.

CANDIDATE FOR HUGH O'BRIAN YOUTH FOUNDATION SEMINAR

William J. Worden has been selected as Old Rochester Regional High School's candidate for the Hugh O'Brian Youth Foundation International Leadership Seminar competition, Mr. David S. Hagen, Principal, announced.

The Hugh O'Brian Youth Foundation promotes leadership qualities in high school sophomores. The criteria for selection consisted of evidence of emerging leadership ability, cooperation with fellow human beings and sensitivity to the needs of others, ability to relate to new pursuits and acquaintances, and the desire to learn and share knowledge and experience with others.

William will now compete with other high school representatives from Massachusetts. One boy and girl from the state will be chosen to attend the annual, all-expense-paid, week-long International Leadership Seminar on America's Incentive System, sponsored by Hugh O'Brian Youth Foundation and coordinated by Emory University in Atlanta, Georgia, April 21-28, 1979.

A "Blue Ribbon" committee composed of 53 nationally-recognized leaders will select the candidates at the state level. Mamie

Dowd Eisenhower is Honorary Chairman of the National Selection Committee and Norman Cousins, former Editor, Saturday Review, is its Chairman. Those chosen to participate in the International Leadership Seminar will interact with top 10th graders from every state in the nation and 12 other countries and with prominent leaders in business, government, education and the professions.

The actor Hugh O'Brien established the Foundation in 1958 to seek outstanding high school sophomores and provide them with opportunities for their potential leadership abilities to emerge, develop and be recognized. The Seminars are vital to achieving the Foundation's goals.

"These informal sessions are run by the 10th graders," Mr. O'Brien said. "One of the most exciting aspects of the sessions is the question and answer time with plenty of give and take from the students and the speakers. The Seminars provide a means for the nation's young people to return home and make a positive contribution towards motivating themselves and their classmates to become contributing members of the community. The Seminars also provide the opportunity to take note of the 'exciting good news' about the nation's positive-thinking youth...tomorrow's leaders."

YOUNG PEOPLE'S THEATRE
"EXCERPTS" PROGRAM

The Marion Art Center's Young People's Theatre is preparing a new "Excerpts" program for presentation on December 1 and 2 at the Center at 8:15 P.M. The popularity and success of the "Excerpts" 77 program led to the decision to make this an annual event and showcase for the various talents that is evident in the group of enthusiastic young people who participate in the programs.

Entitled "Excerpts '78" (what else?) it is a montage of songs, dances, and scenes from plays. This year, a one-act play by Christopher Frye will be the focal point. Entitled "A Phoenix Too Frequent", it is a classic combination of satire and verse,
